

REFORM
WORKS

WILL YOUR
CANDIDATE
**WORK FOR
REFORM?**

ASK THEM!

STOP LAWSUIT **ABUSE**

Citizens Against Lawsuit Abuse

Common sense legal reforms have strengthened our economy, created more jobs and improved our access to health care.

But reform only works if our lawmakers and leaders are willing to protect it.

QUESTIONS TO ASK YOUR CANDIDATE:

- Will you support efforts to protect current legal reform and fight against any efforts to roll back these reforms or create new ways to sue in Texas?
- How much money have you accepted from personal injury lawyers (either directly or through Political Action Committees) during your political campaign?
- If you have accepted their political donations, how can I as a voter be assured you will not bend to the wishes of personal injury lawyers when they ask for your support in overturning lawsuit reforms or in passing legislation that creates new ways to sue?
- Will you support efforts to protect Texas consumers against the predatory lending we are seeing in the lawsuit lending industry?
- Will you support keeping in place current voter-approved limits on pain and suffering damages in medical malpractice cases, which have helped bring thousands of doctors to Texas?
- Will you stand up for the best interests of consumers and small businesses or the special interests of personal injury lawyers?

Visit www.reformworks.com for more information about how you can take action to stop lawsuit abuse!
